Eric John Cruz

Operations, Administrative & Digital Support | Reporting, Coordination & Marketing

Philippines | Open to remote opportunities | cruzericjohn@gmail.com

Portfolio: ericcruzoperations.github.io/ | LinkedIn

Professional Summary

Remote digital marketing professional with freelance experience since February 2023. Supports agency teams with reporting, task coordination, content publishing and organized documentation. Brings a background in quality review, client communication and practical troubleshooting to marketing, operations and administrative support.

Core Skills

Operations and administration: Task and deadline tracking, written updates, process documentation, research, file and spreadsheet organization.

Marketing support: SEO research, website and content updates, client review coordination, email campaign reporting, CRM and lead tracking.

Data and quality: Source and date checks, performance summaries, tracker maintenance, dashboard updates and deliverable review.

Professional Experience

Digital Marketing & SEO

Freelance | February 2023–Present

- Prepare weekly SEO updates, monthly reviews and campaign summaries using GA4, Search Console, Looker Studio, Ubersuggest and spreadsheets.
- Check reporting dates, source data and unusual changes; turn findings into clear recommendations and follow-up tasks.
- Coordinate recurring content and campaign work, track owners and deadlines, document processes and review deliverables before handoff.
- Research topics, organize content, coordinate client feedback, implement revisions and publish approved website posts.
- Support WordPress and Squarespace content updates and GoHighLevel lead-tracking workflows.

Agency work includes current SEO Leads support in reporting and campaign coordination, plus a previous agency engagement in content research, review and publishing.

Subject Matter Expert / Customer Support

Foundever | August 2020–March 2023

- Progressed to Subject Matter Expert in April 2021; handled escalations, coached colleagues and monitored quality.
- Analyzed performance, prepared reports and process guidance, and documented issues to support consistent service.

Tools

Productivity: Google Workspace, Google Sheets, Microsoft Office, Excel, Basecamp, Slack, ClickUp, Otter.ai.

Marketing: GA4, Search Console, Ubersuggest, Looker Studio, WordPress, Squarespace, GoHighLevel, Brevo, Mailchimp, Canva.

AI support: ChatGPT, Claude and Gemini for research and drafting, with source checks and manual review.

Selected Work

Three case studies cover reporting and spreadsheet review, recurring task coordination, and research and website support. Public samples include anonymized work excerpts and clearly labeled templates.
